5. The 2020 promotional requirements for Grades 10 – 11 are as follows:
 - a) The current 25% weighting of School Based Assessment (SBA) is increased to 60% and the examination component which is currently 75% is decreased to 40% resulting in a 60:40 weighting as opposed to the current 25:75 weighting.
 - b) In the case of subjects with a practical component, allocate **20% of the examination component to the PAT.**
 - c) In the case of Languages, 12,5 % of the examination component (First Additional Language and Home Language) and 25% (Second Additional Language) should be allocated to Orals.
 - d) The full-scale examinations in Grade 10 and 11 be replaced by a **Controlled Test.**
 - e) **Controlled tests** should only be **set on content taught**, content not taught cannot be assessed.
 - f) The controlled test to cover a substantial portion of the curriculum taught (preferably work covered in all terms, wherever possible).
 - g) The Controlled Test must adhere to a prescribed standard in terms of content coverage and must be administered under controlled conditions.
 - h) The cognitive spread of the Controlled Test must adhere to the determinations of each subject as outlined in the Abridged Curriculum and Assessment Policy Statement, Section 4.
 - i) All controlled tests must adhere to the protocols for pre and post moderation to ensure compliance with standards.
 - j) Fundamental subjects (Languages and Mathematics/Mathematical Literacy) will offer the required number of papers with a reduced duration.
 - k) All elective subjects to reduce the number of papers to **one (1) Controlled Test per subject.**
 - l) The duration of the **Grade 11 Controlled Tests** will be **two hours**, containing **components of both papers**, where applicable, while the duration of the **Grade 10**

Controlled Tests will be one hour, containing components of both papers, where applicable.

- m) **No common examinations/tests** to be administered in Grades 10 and 11.
