

## **Foreword**

The Directorate: Curriculum ECD and GET programmes of the Eastern Cape Department of Education, in collaboration with the district curriculum personnel and teachers, provincialised the LEARNER ATTAINMENT TARGET (LAT) DOCUMENT for the Foundation Phase with the purpose of increasing the capacity of teachers to have a clear picture on the process of learner attainment targets.

This document, the Learner Attainment Target for Foundation Phase, is a working document. Critical engagement with the document is encouraged. Inputs, suggestions, recommendations and exemplars on assessment (formal assessment tasks) related matters that will strengthen this document are invited from all stakeholders, especially school managers and educators.

It is hoped that this process will assist the province to finalise a more realistic, practical and authentic guideline that will provide the necessary clarity and guidance educators need to manage the learner attainment process more effectively and with confidence.

A handwritten signature in black ink, appearing to read "Peters", is placed above a dotted line.

# **LEARNER ATTAINMENT IMPROVEMENT STRATEGY**

## **1. BACKGROUND**

High levels of literacy and numeracy are basic skills needed for participating in our high level knowledge society. Reading and writing skills are foundational for developing these skills, and for accessing knowledge in the curriculum which, in turn, is aimed at promoting high levels of knowledge and skills. The strategy has the broad goal that over the long term South Africans should enjoy a level of literacy that enables them to participate fully in all aspects of life, including work, family and community.

The economic and social health of our nation depends on building a literate nation that is able to read widely for practical purposes and for pleasure. This means making the current generation of learners more aware of the pleasure and importance of reading, and ensuring that they will have the level of literacy skills which modern society demands.

The **National Literacy Strategy** was developed in response to the poor literacy results achieved by Grade 3 and Grade 6 learners in the National Systemic Evaluations and to maximize the use of existing literacy resources.

The strategy aims to place literacy at the heart of curriculum planning so that the subject matter from other curriculum areas is available as content or stimulus for speaking, listening, reading and writing. Equally, skills required in the reading and writing lesson should apply during the rest of the school day. Furthermore the strategy promotes the strengthening of Home Language acquisition and development and the promotion of multi-lingualism from Grade R to 6 as is set out in the Language in Education Policy (LIEP).

The Literacy Strategy will develop and support the implementation of reading and writing in Grades R-6.

Two key components of the NLS are:

- Structured literacy focus time
- A special time for Reading for pleasure and information called "Drop all and Read" (DAR) Time

Emanating from this National initiative, the **Learner Attainment Improvement Strategy** was designed. This is in an effort to assist teachers in practically addressing the Languages challenges as reported in the findings of the 2003 Systemic Evaluation Research Project. These findings highlighted the challenges teachers and learners experience in acquiring Language skills. It also raises concerns about the low Literacy levels found in schools.

## **2. PURPOSE OF LEARNER ATTAINMENT TARGETS**

Research findings conducted by the National and Provincial Education Departments, the Joint Education Trust (JET), Human Research Council (HRC) , Higher Education Institutions (HEIS) and Non-Governmental Organisations concur that poor literacy performance can be attributed to a range of factors.

Whilst Learning Outcomes and Assessment Standards spell out clearly what is expected of the learners within each grade, there is a lack of planned, progressive attainment at regular intervals.

The development of Learner Attainment Targets (LATs) is an attempt to address the process of progression which is a requirement of the National Assessment Policy (February 2007).

After introducing the L.A.T. programme, uniform classroom implementation will be expected in the Foundation Phase classrooms across the Province, in each grade. This effective implementation will only be evident if the learning assessment tasks are explicitly clarified and detailed enough for practical application. Exemplars of Learner Attainment Targets and Assessment Tools are included in this document to assist teachers in their task. As this is a working document, feedback and suggestions for practical improvement are valued.

## **3. PROVINCIAL PROCESS**

The developmental process was initiated by electing the Provincial Literacy Task Team. The four Languages for the Province were represented on this team. Each Language group found it necessary to include the expertise of practicing teachers to legitimize the process of developing the LAT's. This developmental process and refinement involved a commitment and dedication from the teachers. The final draft presentation was delivered at a Provincial LAT workshop on the 19 January 2008 for final desk top publishing, ratification and printing and distribution. The first distribution is scheduled for the end of March 2008 for schools to pilot and refine for final publication in 2009.

#### **4. HOW TO USE THIS GUIDE**

The requirements of the Protocol of February 2007 set Formal Assessment Tasks for Languages per term.

Note the following:-

- For Home Language, there are four (4) Formal Assessment Tasks per term.
- For First Additional Language there are two (2) Formal Assessment Tasks per term.

This guide consists of:

##### **4.1. ATTAINMENT TARGETS**

- The layout of the first document indicates the relevant LO's and AS's used for Formal and Informal Assessment.
- Note that the AS's are not sequenced in the same manner in all Home Language documents.
- The AS's in this document have been numbered according to the sequence of the AS's in English Home Language Policy Document.
- There are four terms indicated on each page by means of columns.
- Under each term there are shaded and non shaded areas.
- Shaded areas represent **Formal Assessment Tasks** (FATs). These are numbered as FAT 1, FAT 2, etc and indicate what is to be **attained per term**.
- The following table is an extract from the **Attainment Targets** in the **GR R** document

<b>AS2: Demonstrates appropriate listening behaviour by listening without interrupting, showing respect for the speaker and taking turns to speak.</b>	<input checked="" type="checkbox"/> To try and sit still and listen without interrupting.  <b>FAT 1,3 OBSERVATION</b>	<input checked="" type="checkbox"/> To sit still and to listen without interrupting.	<input checked="" type="checkbox"/> To put up their hand and wait for their turn.  <b>FAT 1</b>	<input checked="" type="checkbox"/> To sit still without interrupting and fidgeting.
FAT 1,3 indicates that AS 2 of Listening LO1 is assessed for the 1 <sup>st</sup> and the 3 <sup>rd</sup> FAT in Term 1				

- Non-shaded areas represent Informal Assessment Tasks.

##### **4.2. FORMAL ASSESSMENT TASKS (FATs)**

- This document gives an overview (summary) of the whole FAT process per term:
- It indicates by means of tabulation the selected LO's and AS's , FATs, Activities, Forms of Assessment and Assessment Tools.
- The teachers are expected to develop their own Assessment Tools for all tasks.

##### **4.3. SUMMARY OF FORMAL ASSESSMENT TASKS (FATs)**

- This Table is divided into four terms and the number of tasks per term for the specific Learning Programme
- A summary of all the LO's and AS's used for the Formal Assessment Tasks throughout the year are added to this table.

#### **4.4. EXEMPLAR OF A FORMAL ASSESSMENT TASK**

- This document is the exemplar of a Formal Assessment Task.
- The teachers are expected to develop further assessment tasks as required by the Protocol.

#### **4.5. ASSESSMENT PROGRAMME**

- This document gives the overall **Formal Assessment Programme per grade** per year.
- It is divided into terms and details the four ( 4 ) Formal Assessment Tasks.
- This Assessment Programme forms part of the **School** Assessment Plan.

#### **4.6. HIGH FREQUENCY WORDS GRADE 1 - 3**

### **5. HINTS FOR TEACHERS ON THE CHOICE OF TEXT IN THE FOUNDATION PHASE**

Be conscious of :

- Letter formation
- Density of Text (The balance between text and illustrations)
- Font size
- Spacing
- Number of words per page
- Contextual factors (e.g. child's environment, cultural factors, relevant to child's experiences)
- Relevant to age / skill level / level of understanding
- Extension / Enrichment of skills, broadening environments
- A variety of genres and text types :
- books, posters, magazines, invitations, charts, newspaper articles, poems instructions etc
- Visual appeal of the text (colour, illustrations )
