

Dear Teaching colleagues & Parents,

I would like to introduce you to a **very powerful “teaching tool” that has incredible textbook integration**, exciting **3D** resources, extensive educational games and assessments which integrate into your **blended e-learning space**. This tool adds quality rich multimedia interactive learning into your **blended virtual classroom** adding great value to the quality of your resources in your lessons.

Stunning interactive resources for engagement on student devices. Populate your existing PDF's, Word, PowerPoint workbooks/ textbooks with stunning 3D resources, videos, games and tools, and then share with your students.

It is undoubtedly the most fascinating and absorbing interactive remote/ virtual teaching software with thousands of resources for Grade 1-12 subjects. Teachers can **create 3D interactive presentations**, or import and modify their existing teaching resources with images, narratives, videos, **3D resources** and subject specific tools & games. Learners can sit at home, follow the lesson sent by the teacher, engage, contribute, and then do an assessment at the end of the presentation to demonstrate if they understood the content or concept. The classroom is brought to YOU, right in front of you, on your device in a crystal clear and immersive manner. **Student licencing allows full touch interactivity with 3D resources.**

These are just a few of the key features:

- Incredible functionality to import your own lessons and educational content or choose from many other free or paid for textbooks, from Grades 1-12 from the mozaLibrary.
 - For example you can **import any of your DBE CAPS workbooks or open source textbooks, PowerPoints, Word Documents** and populate and enrich the pages with any of the Moza assets below.
- **1246 amazing 3D resources** (very powerful and interactive)
- 147 pre-made subject specific lessons - totally customisable!
- 5293 educational images
- 776 audio clips
- 1065 educational videos with narrative
- **119 tools & games – expert educational**
- **Instantly create quizzes and assessments**
- All of this in one easy to use application

Have a look at this video to get a snapshot of some of the exciting & powerful features:
