## Schoolscape IT 2020 An Online Conference

Teachers are invited to this online conference to learn from your peers & explore top-rated EdTech. It is relevant to teachers, parents and decision makers and will take place from 18 – 20 August 2020.

COVID-19 has enabled many schools and parents to fast track the use of technology in education. It's no secret the last 3 months have been a blur of implementing Edtech solutions to keep education going. This has increased the pressure on School IT decision makers, teachers, and parents.

This is an interactive online summit bringing you innovative IT products, tips, advice, and top-rated services. We have a dedicated track offering solutions for each of the following groups: School IT Decision Makers, teachers grappling with technology in the classroom, and parents supporting their children through remote learning. There are loads of interesting talks and live active engagements with teachers, schools leaders, IT managers and integrators and top suppliers sharing and participating.

To register: <https://schoolscape.co.za/school-conferences/it-2020/track-1-school-it-decision-makers>

Life is 10 percent what happens to me  
and 90 percent of how I react to it.
