### **FOR ATTENTION: THE PRINCIPAL, HEAD OF ARTS & CULTURE/LANGUAGES AND MUSIC DEPARTMENT**

It is with great pride that I present to you the syllabus (**ONLINE VERSION FOR 2022**) of the legendary and respected Sundays River Valley Provincial Arts & Culture Festival 2022.

The syllabus has been reduced to absolute minimum capacity and together with the design we've taken into consideration the busy schedules of all schools in the Eastern Cape, academic pressure as well as sports and other fund-raising events. The **AIM of this ONLINE** version is not to add additional workload, but instead to ease the forever and tiring/costly arrangements surrounding these kinds of festivals in the province in regards to logistics, admin, transport, expenses, loss of academic contact time/lesson time etc. We would like to submit to you a time-saving and natural (no pressure) method to provide talented individuals with yet another professional platform to showcase their God-given talents.

It would be appreciated if you will consider this brand-new **ONLINE** method of participation.

Everything about the 2022 festival/syllabus is about submitting entries **ONLINE**. Quick, easy, free and with no additional hassles. All rules and regulations, guidance etc. is within the syllabus. It is everything, but NOT time-consuming.

I respectfully ask and will truly appreciate it if you would consider participation of your school in the festival of 2022. Each participant will receive a state-of-the-art designed diploma reflecting the academic standard of the participant together with medals and other prizes. This will be delivered by means of our courier service to your school, once the adjudicators are finished with the adjudicating process, at no extra costs for your school.

I trust that you will give this your careful consideration and once again become part of one of the most respected academic festivals (with the focus on Arts and Culture) in the Eastern Cape.

With respect and appreciation

.....

**FESTIVAL ORGANIZER**
