## CVs: **1000** Prospective Teachers!

On 17 April 2017 the system of online CVs was created and until 25 June 2020 330 prospective teachers used the system – with positive results in many cases.

Then a tsunami of CVs hit me since Friday, 26 June 2020. More than **670** CVs were received the past three days!

As a result it is not possible to put the usual snippets of CVs in this edition of the *Hoor hier* newsletter. (It may happen again when the submissions slow down.)

**Good news:** An online, real time, database has been created which principals and SGBs (employers) can access when they need the services of a teacher. Please note that the most recent submission appears at the very bottom of the list. The link to this database is <https://bit.ly/CVdata> or click the button below.
