QUINTON COETZEE: INTRODUCTION

Quinton Coetzee is an international speaker, entrepreneur, naturalist and adventurer with a deep passion for wild things and wild places.

Raised on the fringes of the Namib Desert, he has spent most of his life living close to nature in the African bush. He is considered to be one of Southern Africa's leading bush-craft specialists.

From the bitter cold of sub-Antarctica, the scorching deserts of the Middle East and the highest ice-peaks in Russia, he has spent time with ‘vanishing’ tribes in Africa, in the frozen wastelands of Outer Mongolia and in the sweltering jungles of the Amazon basin.

He was a Director of one of the largest Zoological Gardens in Africa, committed to the conservation and breeding of endangered species from around the world.

Quinton is a frequent resource in print and on radio. He is well known as a television presenter of popular wildlife programs including “Aardwolf” and “50/50”, “Veldfocus”. He is also a classical pianist.

Quinton’s unique style has universal appeal. He links personal and business success with ‘*Lessons from the Wilds of Africa*’ in a way that will not easily be forgotten. Over 28 years he has appeared before more than 3 500 audiences, in over 40 countries, on 5 continents worldwide.

His talks inspire people to tap into their natural potential, to improve their business skills and performance, and to gain a better understanding of themselves and others.

Quinton has been inducted into the “HALL OF FAME” of the South African Professional Speakers Association.

“A unique and fresh approach to business essentials with huge practical value...”

Audiences in over 40 countries around the globe have been enthralled as top professional speaker Quinton Coetzee fills the room with his charisma and energy. He skilfully demonstrates how Mother Nature herself is the author of the most definitive guide to personal and business success that one can find anywhere in the world today.

Using spectacular visuals of wildlife and the tribes of Africa, Quinton’s memorable analogies vividly drive home the necessity to get ‘*Back to Basics*’. Enhanced performance, continuous improvement and ultimate success can only be achieved once ‘*The Basics*’ are firmly in place!

Quinton’s message is powerful. His persona is dynamic, bold and animated. No text-book-quotations, no bullet-points, no ‘*rah-rah*’, no talk about himself ... just down-to-earth, raw, real and relevant truths that relate directly to improved performance.

And any audience easily connects with the tangible tools that he provides in order to achieve this. This is one of those experiences where individuals will make decisions about who they are and the way they do things... *there and then!* That’s why they keep coming back for more! Quinton Coetzee inspires and motivates. His celebrated ‘natural system’ presentations enthrall, engage and punch home the necessity for *continuous improvement by anyone... and within any endeavour*. A unique experience that is hard-hitting, yet humorous... and its straight-forwardness is invigorating.

Quinton's performances are adapted and customised to captivate every audience... every time... earning him top marks on each occasion! They will be talked about, recounted and remembered.
